

Report from County Councillor Peter Williams

I would like to thank the parish for their support over the last 8 years and look forward to implementation of work we have managed to achieve; acquiring Trevonnen road play area, the new pedestrian traffic light crossing and village road surface upgrade including vehicle activated speed cameras and road calming on commercial hill.

Working with the Parish members we have worked hard for the newly re named Ponsanooth Parish Council during the community governance review.

I look forward to being able to continue as your Cornwall councillor after the 6 of May 2021. Kind regards Peter Williams Cc
